## Where The Streets Have No Name (Live) by U2

Amazing grace	And (13) I go there
How (1) the sound	I go (14) with you
That saved	It's all I can do
A wretch	The city's a flood
Like me	And our love turns to rust
I once	We're beaten and (15) by the wind
Was lost	Trampled in dust
Though now	I'll show you a place
I'm found	It's high
I was blind	High
But now	Where the streets have no
I see	Name
I was blind	Where the (16) have no name
But now	Where the streets (17) no name
I see	We're still building and (18) (19)
	love
(Come on, (2) on)	Burning down love
I (3) run	And when I go there
I (4) to hide	I go there with you (to (20) place)
I wanna tear down the walls	It's all I can do
That (5) me inside	
I (6) out	Love, love
And touch the flame	Only love
Where the streets have no name	Where the streets have no name
I (8) feel	Where the (21) have no name
Sunlight on my face	We're still building and burning down love
I see the dust-cloud disappear	Burning down love
Without a trace	And when I go there
I wanna take shelter	I go there with you
From hurricane	It's all I can do
Where the streets (9) no	Love
Name	We are love
Where the (10) no name	We are love
Where the streets have no name	Africa rising
We're still building and burning (12) love	
Burning down love
