

Fill in the gaps

In two (1) years, my sweetheart	Two more years, there's only two more year
We will see another view	Two more years, there's only two more year
Such longing for the past for such completion	In two more (6) so hold on
What was once golden	Two more years, there's only two more year
Has now turned a shade of grey	Two more years, there's only two more year
I've become crueler in your presence	In two (7) years so hold on
They say, be brave	You don't need to find answers
There's a right way in a wrong way	For questions never (8) of you
This pain won't last for ever	You don't need to find answers
This (2) won't last for ever	You don't need to find answers
Two (3) years, there's only two more years	For questions never asked of you
Two more years, there's only two more years	You don't need to find answers
In two more years so hold on	Dead weights, balloons
Two (4) years, there's (5) two more	Drag me to you
years	I've become crueler, since I met you
Two more years, there's only two more years	I've become rougher, this world is killing me
In two more years so hold on	You don't need to find answers
You've cried enough this lifetime	For questions never asked of you
My beloved polar bear	You don't need to find answers
Tears to fill a sea to drown a beacon	
To start anew all over	You don't need to find answers
Remove those scars from your arms	For questions never asked of you
To start anew all over more enlightened	You don't need to (9) answers
I know (I know), my love	
This is not the only story you can tell	
This pain won't last for ever	
This pain won't last for ever
