## Bright Lights by Tynchy Stryder & Pixie Lott

Flash lights and the good life	Bright lights got me feeling jolly	
Keep calling out my name	Never let you down, that's my word	
And I pray somehow	You ain't gotta worry	
Something's gonna change	Work for this	
Bright lights in the skyline	Don't know about you but I work for this	
Let me lose my way	Couple labels said I wasn't worth the risk	
'Cause I know somehow	Just (8) (9)	hoodie with
Something's gonna change	a black hat	
(Uh, uh) from the ground to the sky	He's just one of them looking for a purse to nick	
And it wasn't overnight	Never really had a plan B	
Strydes	Stayed on point	
Last time running (1) went too well	I am sharper than a Stanley	
Heart saying carry on	Big star, flash car, looking trendy	
Head telling me forfeit	I know I got my list high, took it by Kylie	
Glimpse of the high life	From young I've been obsessed with the fame	
I wish I never saw this	Know you're in lane	
Now I want it all, want it all, I'm selfish	'Cause your dreams were the same	
Felt locked (2) like I caught a death sentence	Every day I pray, really wishing for a change	
Like Alan Sugar fired me from The Apprentice	Dreams to reality and now I'm in the game	
See my little weight, I must've lost half	Flash lights and the good life	
Even Nando's	Keep calling out my name	
Won't send me a new black card	And I pray somehow	
And there's all opinions and assumptions	Something's gonna change	
Back to the grind	Bright lights in the skyline	
And there's more where it comes from	Won't let me lose me way	
I love the life 'cause my life flash cameras on	'Cause I know somehow	
Tell (3) Cole and Rihanna that I love them	Something's gonna change, yeah	
From young I've been obsessed with the fame	Let me tell you when to take it down	
Know you're in lane	This is the part where the song breaks down	
'Cause your dreams were the same	Stay looking up, never facing down	
Every day I pray, really wishing for a change	Long as the bright lights are blazing down	
Dreams to (4) and now I'm in the game		
Flash lights and the (5) life	Flash lights and the good life	
Keep calling out my name	Keep calling out my name	
And I pray somehow	And I pray somehow	
Something's gonna change	Something's gonna change	
Bright lights in the skyline	Bright lights in the skyline	
Won't let me lose my way	Won't let me lose me way	
'Cause I know somehow	'Cause I know somehow	
Something's gonna change	Something's gonna change	
Tell me how you feel	(Something's gonna change)	
Do you (6) me or hate me	Ha ha	
There's no pleasing everybody	Like that	
Need to focus		
Then he (7) track, I'm really sorry		
Left the black clouds
