

I'm still into you

I should be over all the butterflies

## Fill in the gaps

Can't (1) the years on one hand	But I'm into you (I'm into you)
That we've been together	And baby even on our worst nights
I need the other one to hold you	I'm into you (I'm into you)
Make you feel, make you feel better	Let 'em wonder how we got this far
It's not a walk in the park	'Cause I don't really need to wonder at all
To (2) each other	Yeah after all (6) time
But when our fingers interlock	I'm still into you
Can't deny, can't deny you're worth it	Some things just
'Cause after all this time	Some things just make sense
I'm still into you	And one of those is you and I
I should be over all the butterflies	Some things just
But I'm into you (I'm in to you)	Some things just (7) sense
And baby even on our worst nights	And even after all this time
I'm into you (I'm into you)	I'm into you
Let 'em wonder how we got this far	Baby, not a day goes by that I'm not
'Cause I don't (3) need to (4)	Into you
at all	I should be (8) all the butterflies
Yeah after all this time	But I'm into you (I'm in to you)
I'm still into you	And baby even on our worst nights
Recount the night (5) I first	I'm into you (I'm into you)
Met your mother	Let 'em (9) how we got this far
And on the drive back to my house	'Cause I don't really need to wonder at all
I told you that, I told you that I loved ya	Yeah after all this time
You felt the weight of the world	I'm still into you
Fall off your shoulder	I'm still into you
And to your favorite song we sang along	I'm still into you
To the start of forever	
And after all this time
