

Feels like I'm falling away

## Fill in the gaps

| I give a little   | I can hear them calling for me (now I'm falling)              |
|---|---|
| Into the moment like I'm standing at the edge, I know     | Falling, falling, falling                                     |
| That no one's gonna turn me around                        | Falling, falling  |
| Just one more step, I could let go                        | Falling, falling  |
| And in the middle   | And now I'm falling, falling                                  |
| I hear the voices and they're calling for me now, I know  | Falling, falling  |
| That nothing's gonna wake me now                          | Falling, falling, falling                                     |
| 'Cause I'm a (1) to the sound                             | Falling, falling  |
| And they're calling up                                    | And now I'm falling   |
| Don't stop, no, I'll never give up                        | Falling, falling, falling, fall, yeah                         |
| And I'll never look up, just hold your head up            | And now I'm falling   |
| And if it gets rough, it's time to get rough              | Falling, falling, falling, fall, yeah                         |
| They keep saying  | And now I'm falling   |
| Don't stop, no one's ever enough                          | Into the fire feeling higher (5) the truth (but now           |
| I'll never look up, never give up                         | falling)  |
| And if it gets rough, it's time to get rough              | I can feel the heat but I'm not burning (I'm falling)         |
| But now I'm falling, falling                              | Feeling desire, feel the tired hungry tooth (but now falling) |
| Falling, falling  | Feels like I'm falling away                                   |
| Falling, falling  | I can hear them calling for me (now I'm falling)              |
| Falling   | Into the (6) feeling higher than the (7)                      |
| Now I'm going down  | (but now falling)   |
| And I can feel the eyes are watching us so closely        | I can feel the heat but I'm not burning (falling)             |
| I'm (2) not to make a sound                               | Feeling desire, feel the tired hungry tooth (but now falling) |
| 'Cause I'll be found out somehow                          | It feels like I'm falling away                                |
| So keep calling   | I can hear them calling for me (now I'm falling)              |
| Don't stop, no, I'll never give up                        | Never look up, never give up                                  |
| And I'll never look up, just hold your head up            | Never look up, never give up                                  |
| And if it gets rough, it's time to get rough              | Never look up, never give up                                  |
| They keep saying  | I'll never give up, I'll never give up (now I'm falling)      |
| Don't stop, no one's ever enough                          | Never look up, never give up                                  |
| I'll never look up, never give up                         | Never look up, never give up (I'm falling)                    |
| And if it gets rough, it's time to get rough              | Never look up, never give up                                  |
| But now I'm falling                                       | I'll never give up, I'll never give up (now I'm falling)      |
| Into the fire feeling higher than the truth (I'm falling) | Never look up, never give up                                  |
| I can feel the heat but (3) not burning (but now          | Never look up, never give up                                  |
| falling)  | Never look up, never give up                                  |
| Feeling desire, (4) the tired hungry tooth (I'm           | I'll never give up, I'll (8) up                               |
| falling)  | Never look up, never give up                                  |
| Feels like I'm falling away                               | Never look up, never give up                                  |
| I can hear them calling for me (but now I'm falling)      | Never look up, never give up                                  |
| Into the fire feeling higher than the truth (I'm falling) | I'll never give up, I'll never give up                        |
