

## Fill in the gaps

Took a deep breath in the mirror	Like a little kid
He didn't like it when I wore high heels	I (6) it's (7) that you think I'm
But I do	funny 'cause
Turn the lock and put my headphones on	He never did
He always said he didn't get this song	I've been spending the last 8 months
But I do, I do	Thinking all love ever does
Walked in expecting you'd be late	Is break and burn and end
But you got here (1) and you stand and wave	But on a Wednesday in a cafe
I walk to you	I watched it begin again
You pull my chair out and help me in	And we walked down the block, to my car
And you don't know how nice that is	And I almost brought him up
But I do	But you start to talk about the movies
And you throw your head (2) laughing	That your family watches every single Christmas
Like a little kid	And I want to talk about that
I think it's strange that you think I'm funny 'cause	And for the first time
He (3) did	What's past is past
I've been spending the last 8 months	'Cause you throw your head back laughing
Thinking all love ever does	Like a little kid
Is break and burn and end	I think it's strange that you think I'm funny 'cause
But on a Wednesday in a cafe	He never did
I (4) it begin again	I've been (8) the last 8 months
You said you never met one girl who	Thinking all (9) ever does
Had as many James Taylor records as you	Is break and burn and end
But I do	But on a Wednesday in a cafe
We tell stories and you don't know why	I watched it begin again
I'm coming off a little shy	But on a Wednesday in a cafe
But I do	I (10) it begin again
