## Long Road To Ruin by Foo Fighters

Here now, don't make a sound		Under the cold stree	etlights
Say, have you heard the (1)	today?	No tomorrow, no dead end	
One flag was (2) down		Long road to ruin there in your eyes	
To (3) another in its place		Under the cold streetlights	
A heavy cross you bear		No tomorrow, no de	ad end in sight
A stubborn heart (4)	unchanged	Long road to ruin there in your eyes	
No harm, no life, no love		Under the cold streetlights	
No stranger singin' in your name		No tomorrow, no dead ends	
Maybe the season		For (6)	(7) to fall in place
The colors change in the valley skies		Forever gone without a trace	
Dear God, I've sealed my fate		Your (8)	takes its shape
Runnin' through hell, heaven can wait		No turnin' back, don't turn that page	
Long road to ruin there in your eyes		Come now, I'm leavin' here tonight	
Under the cold streetlights		Come now, let's leave it all behind	
No tomorrow, no dead end in sight		Is that the price you pay	
Let's say we take (5) town		Runnin' through hell, heaven can wait	
No king or queen of any state		Long road to ruin there in your eyes	
Get up to shut it down		Under the cold streetlights	
Open the streets and raise the gates		No tomorrow, no dead ends	
I know a wall to scale		Long road to (9)	there in your eyes
I know a field without a name		Under the cold streetlights	
Head on without a care		No tomorrow, no dead ends	
Before it's way too late		Long road to ruin there in your eyes	
Maybe the season		Under the (10)	streetlights
The colors change in the valley skies		No tomorrow, no dead end in sight	
Oh God, I've sealed my fate			
Runnin' through hell, heaven can wait
