93 million miles from the sun	Home
People get ready, get ready	You can always come back
'Cause here it comes, it's a light	Every road is a slippery slope
A beautiful light	But there is always a (7) that you can hold on to
Over the horizon, into our eyes	Looking deeper through the telescope
Oh, my, my, how beautiful	You can see (8) your home's inside of you
Oh, my beautiful mother	Just know
She told me, son, in life you're (1) go far	That wherever you go
If you do it right, you'll love where you are	No, you're never alone
Just know, wherever you go	You will always get (9) home
You can (2) come home	
240 (3) (4) from the moon	Home
We've come a long way to belong here	Home
To share (5) view of the night	
A glorious night	93 million miles from the sun
Over the horizon is another bright sky	People get ready, get ready
Oh, my, my, how beautiful	'Cause (10) it comes
Oh, my irrefutable father	It's a light, a beautiful light
He told me, son, sometimes it may seem dark	Over the horizon
But the absence of the light is a (6)	Into our eyes
part	
Just know, you're never alone	
You can always come back home
