93 million miles from the sun	Home
People get ready, get ready	You can always come back
'Cause here it comes, it's a light	Every road is a slippery slope
A beautiful light	But there is always a hand that you can hold on to
Over the horizon, into our eyes	Looking deeper through the telescope
Oh, my, my, how beautiful	You can see that your home's inside of you
Oh, my beautiful mother	Just know
She told me, son, in life you're (1) go far	That wherever you go
If you do it right, you'll love where you are	No, you're never alone
Just know, (2) you go	You (10) always get back home
You can always come home	
240 thousand (3) from the moon	Home
We've come a (4) way to (5) here	Home
To share this view of the night	
A glorious night	93 million miles from the sun
Over the horizon is another bright sky	People get ready, get ready
Oh, my, my, how beautiful	'Cause here it comes
Oh, my (6) father	It's a light, a beautiful light
He told me, son, sometimes it may (7) dark	Over the horizon
But the absence of the light is a necessary part	Into our eyes
Just know, you're never alone	
You can always (8) (9) home
