## That's What Friends Are For by Dionne Warwick & Friends

| And I                               | In good times                       |
|-------------------------------------|-------------------------------------|
| Never thought I'd (1) this way      | And bad times                       |
| And as far as I'm concerned         | I'll be on your side forever more   |
| I'm (2) I got the chance to say     | That's what (18) are for            |
| That I do believe I (3) you         | Keep smiling                        |
| And if                              | Keep shining                        |
| I (4) go away                       | Knowing you can always (19) on me   |
| Well, then close your eyes and try  | For sure                            |
| To (6) the way we do today          | That's what friends are for         |
| And then if you can remember        | For (20) times                      |
| Keep smiling                        | And bad times                       |
| Keep shining                        | I'll be on your side (21) more      |
| Knowing you can (7) (8) on me       | That's what friends are for         |
| For sure                            | Keep smiling                        |
| That's what friends are for         | Keep shining                        |
| For (9) times and bad times         | Knowing you can always count on me  |
| I'll be on your side (10) more      | For sure                            |
| That's what friends are for         | 'Cause I tell you, that's (22) (23) |
| Well, you came in loving me         | are for                             |
| And now there's so much (11) I see  | For good times and for bad times    |
| And so by the way I (12) you        | I'll be on your side forever more   |
| Oh, and then                        | That's what friends are for         |
| For the times (13) we're apart      | That's what friends are for         |
| Well, then close (14) (15) and know | Keep (24) (smiling)                 |
| The words are coming (16) my heart  | Keep shining (shining)              |
| And then if you can remember        | Only for sure                       |
| Keep smiling                        | ()                                  |
| And keep shining                    | That's what friends are for         |
| Knowing you can always count on me  | ()                                  |
| For sure                            |                                     |
| That's what (17) are for            |                                     |
