In good old times, remember my friend		Feelings I had (7) but sham and a lie
Moon was so bright and so close to us, sometimes		I have never forgotten your smile
We (1)	_ still blind and deaf, what a bliss	Your eyes, oh, Shamandalie
Painting the world of our own, for our own eyes, now		Times went by, (8) memories died
Can we ever have what we had then?		I'm writing this down to ease my pain
Friendship unbreakable		You saw us always clearer than me
Love means nothing to me		How we were never meant to be
Without blinking an eye		Love denied (9) the friendship (10)
I'd fade, if so needed,		die
All those moments (2) you		Now I have seen the light
If I had you (3)_	me	These (11) (12) me cry
One cloudy day	we both lost the game	Can I ever (13) (14) I had then?
We drifted so far	and away	Friendship unbroken
Nothing is quite as cruel as a child		Love (15) nothing to me
Sometimes we break the unbreakable, sometimes		Without blinking an eye
And we'll (4) have what we had then		I'd fade, if so needed,
Friendship unbroken		All those moments (16) you
Love means noth	ning to me	See the (17) (18) my wide
Without (5) an eye		(19) eyes
I'd fade, if so needed,		Friendship got broken
All those moments with you		There's no (20) for me
If I had you beside me now		Like the one of my childhood
I was unable to cope with what you said		Can you forgive me?
Sometimes we need to be cruel to be kind		Love got better off me,
Child (6)	I was, could not see the reason	On (21) day (22) in old times
