## Fill in the gaps

### 21st Century Breakdown by Green Day

Born into nixon I was raised in hell	A (17) of pride
A welfare (1) where the teamsters dwelled	My debt to the status quo
The last one born, and the (2) one to run	The scars on my hands
My (3) was blind from refinery sun	And the means to an end
My generation is zero	Is all (18) I have to show
I never made it as a (4) class hero	
21st century breakdown	I swalloed my pride
I once was lost but never was found	And I choked on my faith
I (5) I am losing what's left of my mind	I've given my heart and my soul
To the 20th (6) deadline	I've (19) my fingers
I was made of (7) and blood	And (20) through my teeth
Condemnation is what I understood	The pillar of damage control
Videogames to the tower's fall	I've been to the edge
Homeland (8) could kill us all	And I've thrown the bouquet
My generaton is zero	Of (21) left over the grave
I (9) made it as a working class hero	I sat in the waiting room
21st century breakdown	Wasting my time
I once was (10) but never was found	And waiting for Judgement Day
I think I am losing what's (11) of my mind	I (22) liberty
To the 20th (12) deadline	The "Freedom to Obey"
We are the (13) of, the class of 13	Is the (23) that strangles me
Born in the era of humility	Well, don't cross the line
We are the (14) in the decline	(Oh) dream, America dream
Raised by the bastards of 1969	I can't (24) sleep
My name is no one	From the light's early dawn
The long lost son	(Oh) scream, America scream
Born on the 4th of July	Believe what you see
Raised in an era of heroes and cons	From (25) and cons
That (15) me for (16) or alive
