

## Fill in the gaps

Hey Lucy, I (1)	(2)	name	I never wanted anything so bad
I left a dozen roses on your grave today			Here we are
I'm in the grass on my knees, wipe the leaves away			For a brand new start
I (3) came to talk for a while			Living the life that we could've had
I got some things I need to say			Me and (7) walking hand in hand
Now that it's over			Me and Lucy never wanna end
I just wanna hold her			Just another moment in your eyes
I'd give up all the world to see			I'll see you in another life
That little piece of heaven looking back at me			In heaven where we never say goodbye
Now that it's over			Now that it's over
I just wanna hold her			I just wanna hold her
I've gotta live (4) the choices I made			I'd give up all the world to see
And I can't live with myself today			That little (8) of heaven looking back at me
Hey Lucy, I remembered your birthday			Now that it's over
They said it'd bring some closure to say your name			I just wanna (9) her
(To say your name)			I've gotta live with the (10) I made
I know I'd do it all different if I had the chance			And I can't live with myself today
(The chance)			Here we are, now you're in my arms
But all I got are these roses to give			Here we are for a brand new start
And they can't help me make amends			Got to live with the choices I've made
Now that it's over			And I can't live with myself today
I just wanna hold her			Me and Lucy walking hand in hand
I'd give up all the world to see			Me and Lucy never wanna end
That little piece of heaven looking back at me			Got to live with the choices I've made
Now that it's over			And I can't live with myself
I just (5) (6)_	her		Today
I've gotta live with the choices I made			Hey Lucy, I remember your name
And I can't live with myself	today		
Here we are			
Now you're in my arms
