

Fill in the gaps

Hey Lucy, I remember your name	I never wanted anything so bad
I left a (1) (2) on your grave today	Here we are
I'm in the grass on my knees, wipe the leaves away	For a brand new start
I just came to (3) for a while	Living the life that we could've had
I got some things I need to say	Me and Lucy walking hand in hand
Now that it's over	Me and (16) never wanna end
I just (4) hold her	Just another moment in your eyes
I'd give up all the world to see	I'll see you in another life
That little piece of (5) looking back at me	In (17) (18) we
Now that it's over	(19) say goodbye
I just wanna hold her	Now (20) it's over
I've gotta live with the choices I made	I just wanna (21) her
And I can't (6) (7) myself today	I'd give up all the world to see
Hey Lucy, I remembered your birthday	That (22) piece of (23)
They (8) it'd bring some (9) to	looking back at me
say your name	Now that it's over
(To say your name)	l just (24) hold her
I know I'd do it all different if I had the chance	I've gotta live with the choices I made
(The chance)	And I can't live (25) myself today
But all I got are these roses to give	Here we are, now you're in my arms
And they can't help me make amends	Here we are for a brand new start
Now that it's over	Got to live with the (26) I've made
I (10) wanna (11) her	And I can't live with myself today
I'd give up all the world to see	Me and Lucy walking hand in hand
That little piece of heaven (12) back at me	Me and Lucy never wanna end
Now (13) it's over	Got to live with the choices I've made
I just wanna hold her	And I can't live with myself
I've gotta (14) with the choices I made	Today
And I can't live with (15) today	Hey Lucy, I remember your name
Here we are	
Now you're in my arms
