Fill in the gaps

Living La Vida Loca by Ricky Martin

She's into superstitions

Black cats and voodoo dolls

She's into superstitions	Upside, inside out
Black cats and voodoo dolls	She's living la vida loca
I feel a premonition	She'll push and pull you down
That girl's gonna make me fall	Living la vida loca
She's into new sensations	Her lips are (4) red
New kicks in the candle light	And her skin's the color mocha
She's got a new addiction	She will wear you out
For every day and night	Living la (5) loca (alright)
She'll make you take your clothes off	Living la vida loca
And go dancing in the rain	She's living la vida loca
She'll make you live her crazy life	She'll make you take (6) (7) off
But she'll take away your pain	And go dancing in the rain
Like a bullet to your brain (come on)	She'll make you live her crazy life
Upside, inside out	But she'll take away your pain
She's (1) la vida loca	Like a bullet to your (8) (come on)
She'll push and pull you down	Upside, inside out
Living la vida loca	She's living la (9) loca
Her lips are devil red	She'll (10) and pull you down
And her skin's the color mocha	Living la vida loca
She will wear you out	Her lips are devil red
Living la vida loca (come on)	And her skin's the color mocha
Living la (2) loca (come on)	She will wear you out
She's living la vida loca	Living la vida loca (come on)
Woke up in New York City	Living la vida loca (come on)
In a funky cheap hotel	She's living la vida loca
She took my heart and she took my money	Come on
She must've slipped me a sleeping pill	(Cara la vida loca)
She never drinks the water	(Cara, cara, cara la vida loca)
Makes you order French champagne	(Cara, cara cara la vi)
Once you've had a taste of her	
You'll (3) be the same	
She'll make you go insane (alright)
