Fill in the gaps

	I'm totally taken
Girl girl girl	And my world has been shaken baby
Here's what I'm gonna do	Since you been my girl
I'm gonna (1) you (girl)	You're rocking my world
'Cause I know that it's true	This love is electric
What I feel for you	And now I feel connected
I'm calling up your number	And I just can't hide what I
Hour after hour	Just can't (6) what I
I think about you all the time (time)	I feel now (ohh)
The way you like to tease me (teas me)	I feel now (ohh)
The way you like to please me (please me)	Girl girl girl
I can't get you off my mind	I see the stars
Since you been my girl	Right above me
You're rocking my world	And I know you see them too
I'm totally taken	In the night
And my world has been (2) baby	When I'm lonely
Since you been my girl	I watch the stars and (7) of you
You're rocking my world	Girl
This love is electric	Rocking my world
And now I feel connected	Girl
And I just can't hide what I	(Let me love you girl)
Just can't hide what I	Since you been my girl
I feel now (ohh)	You're (8) my world
I feel now (ohh)	I'm totally taken
Girl girl girl	And my world has been shaken baby
Now all I got to do	Since you been my girl
If I (3) lonely	You're (9) my world
I (4) on you	This love is electric
And how you love me	And now I feel connected
And when you tell me secrets	And I just can't hide (10) I
You know that I can keep them	Just can't hide what I
'Cause I would never brake your trust	I feel now (ohh)
I wanna kiss you sweetly (sweetly)	I feel now (ohh)
And touch your body gently	Girl girl girl
'Cause (5) I dream I dream of you
