

## Fill in the gaps

| It started out as a feeling                        |
|--|
| Wich then grew into a hope                         |
| Wich then turned into a quiet thought              |
| Wich then turned into a (1) word                   |
| And then that word grew louder and louder          |
| 'Til it was a battle cry                           |
| I'll come back when you call me                    |
| No need to say goodbye                             |
| Just because everything's changing                 |
| Doesn't (2) it's never been this way before        |
| All you can do is try to know who your friends are |
| As you head off to the war                         |
| Pick a (3) on the dark horizon                     |
| And follow the light                               |
| You'll come back when it's over                    |
| No need to say goodbye                             |
| You'll (4) back when it's over                     |
| No need to say goodbye                             |
| Now we're back to the beginning                    |
| It's just a feeling and no one knows yet           |
| But just because they can't feel it too            |
| Doesn't mean that you have to forget               |
| Let (5) memories (6) stronger and stronger         |
| 'til they're before your eyes                      |
| You'll come back when they (7) you                 |
| No need to say goodbye                             |
| You'll come (8) when they call you                 |
| No (9) to say goodbye                              |
