

Fill in the gaps

f it weren't for your maturity	And you've washed your hands (6) of this
None of this would have happened	What part of our history's re-invented and under rug swept
f you weren't so wise beyond your years	What part of your (7) is selective and tends to
would've been able to control myself	forget
f it weren't for my attention	What with this distance it seems so obvious
You wouldn't have been successful, and if	Just make sure you don't tell on me
f it weren't for me, you would never	Especially to members of your family
Have amounted to very much	We best keep this to ourselves
This could be messy, but	And not tell any members of our inner posse
But you don't (1) to mind, and	I wish I could tell the world
Don't go telling everybody, and	'Cause you're such a pretty thing
And over-look this supposed crime	When you're done up properly
Ne'll fast forward to a few (2) later, and	I might wanna marry you one day
And no one knows except the both of us	If you'd watch that weight and you keep (8) firm
And I have honored your request for silence	body
And you've washed your hands (3) of this	This could be messy
You're essentially an employee	I don't seem to mind
And I like you having to depend on me	Don't go telling everybody, and
You're a kind of protégé and one day you'll say	Over-look this supposed crime
You learned all you know from me, and	We'll fast forward to a few years later, and
And I know you depend on me	No one knows except the both of us
Like a young (4) would to a guardian	And I (9) honored your request for silence
(5) you sexualize me	And you've washed your hands clean of this
Like a young thing would and I think I like it	This could get messy, but
This could get messy, but	I don't seem to mind
You don't seem to mind	Don't go telling everybody, and
Dude, don't go telling everybody, and	Over-look this supposed crime
Over-look this supposed crime	We'll fast forward to a few years later, and
We'll fast forward to a few years later, and	No one knows (10) the both of us
No one knows except the both of us	And I have honored your request for silence
ve more than honored your request for silence	And you've washed your hands clean of this
