

Fill in the gaps

I talked to my sister in Memphis	I (15) some
And I (1) her you (2) movin' to town	changin'
Here's her number	And I know there's no changin' your mind
She said she'd be glad to show you around	And yes I know
I left a map on your front seat	We've (18) through this a thousand times
Just in case you lose your way	And I'm sorry for still holdin' on
But don't worry, (3) you reach Saddlesong	I'll try to let go and I'll try to be strong
It's all interstate	And I (19) you the best
I know you (4) to go	And I (20) you nothing less
But (5) you do I (6) you to know	Than (21) (22) you've ever
That I (7) you the best	dreamed of
And I (8) you nothing less	And I hope (23) you (24) love
Than every thing you've ever dreamed of	(25) the way
And I (9) (10) you find (11)	But most of all
along the way	I wish you'd stay
But most of all	Yes, everything you've (26) (27)
I wish you'd stay	of
I figure right (12) sundown	And I hope (28) you'll find love along the way
You'll be in (13) Tennessee	But most of all
And by then	I wish you'd stay
Maybe I'll (14) why you had to leave	Yeah, I wish you'd stay
