

Fill in the gaps

You and I walk a fragile line	Something's gone terribly wrong
I have known it all this time	You're all I wanted
But, I never thought I'd live to see it break	Come on, come on
It's getting dark and its all too quiet	Don't leave me like this
And I can't trust anything now	I thought I had you figured out
And it's coming over you (1) it's all a big mistake	Can't breathe whenever you're gone
(Oh oh) (2) my breath	Can't turn back now
Won't lose you again	I'm haunted
Something's made your eyes go cold	I know, I know
Come on, come on	I just know
Don't leave me (3) this	You're not gone
I thought I had you figured out	You can't be gone
Something's gone terribly wrong	No
You're all I wanted	Come on, come on
Come on, come on	Don't leave me like this
Don't leave me like this	I thought I had you figured out
I thought I had you figured out	Something's gone terribly wrong
Can't breathe whenever you're gone	Won't finish what you started
Can't turn back now	Come on, come on
I'm haunted	Don't leave me like this
Stood there and watch you walk away	I (7) I had you figured ou
From everything we had	Can't breathe whenever you're gone
But, I still mean every word I said to you	Can't go back
He will try to take away my pain	I'm haunted
And he just might make me smile	
But, the whole time I'm (4) he was you	You and I (8) a fragile line
instead	I have known it all this time
(Oh oh) (5) my breath	But I never thought I'd see it break
Won't see you again	Never thought I'd see it
Something keeps me holding onto nothing	
Come on, come on	
Don't leave me (6) this	
I thought I had you figured out
