## You Sang To Me by Mark Anthony

Oh but I feel it
When you sing to me

## Fill in the gaps

| I just wanted you to comfort me             | Just to think inside of me         |
|---|------------------------------------|
| When I called you late last night you see   | I had no (2) how this could be     |
| I was falling into love                     | Now I'm crazy for your love        |
| Yes I was crashing into love                | The (3) you said just sang to      |
| Of all the words you (1) to me              | And you showed me where I wanna be |
| About "Life," "The Truth," and "Being Free" | You sang to me                     |
| Yeah you sang to me                         | Oh you sang to me                  |
| Oh how you sang to me                       | All the while                      |
| Girl I live for how you make me feel        | You were in front of me            |
| So I question all this being real           | I never realized                   |
| Cause I'm not afraid of love                | I just can't believe               |
| For the first time Im not afraid to love    | I didn't see it                    |
| This day seems made for you and me          | In your eyes                       |
| And you should me what life needs to be     | I didn't see it                    |
| Yeah you sang to me                         | I can't believe it                 |
| Oh you sang to me                           | Oh but I feel it                   |
| All the while                               | When you sing to me                |
| You were in front of me                     | How I (4)                          |
| I never realized                            | To hear you sing                   |
| I just can't believe                        | Beneath the clear blue (5)         |
| I didn't see it                             | And I (6) you                      |
| In your eyes                                | This time I'll see it              |
| I didn't see it                             | In your (7)                        |
| I can't believe it                          | I didn't see it                    |
| Oh but I feel it                            | I can't believe it                 |
| When you sing to me                         | Oh but I feel it                   |
| How I long                                  | When you sing to me                |
| To hear you sing                            | Just to think (8) of me            |
| Beneath the clear blue skies                | I had no idea how this could be    |
| And I promise you                           | Now I'm crazy for your love        |
| This time I'll see it                       | The words you said just sang to me |
| In your eyes                                | And you showed me where I wanna be |
| I didn't see it                             | You sang to me                     |
| I can't believe it                          | Oh you sang to me                  |

- 1. said
