

## Fill in the gaps

| Can anybody help me im outta plans guess                      | pain and been dragged (15) the (16)                         |
|---------------------------------------------------------------|-------------------------------------------------------------|
| left my world in somebody's hands i don't like to             | (17) they tell you                                          |
| nurt but but everyone gets weak (1) to rely                   | were bigger than words i've been where (18)                 |
| on that's                                                     | standing i know                                             |
| what i really need                                            | how it hurts let this be a song now and this be our day and |
| Now here we stay its all that were (2) i`ve been              | we stand together well be okay                              |
| hru the pain                                                  | Because where survivors (19) making it work                 |
| and been dragged thru the (3) whatever they tell              | expecting the                                               |
| you were                                                      | best when (20) hope for the worst                           |
| pigger than words i've been where your standing i know how it | One (21) (22) is the way we found                           |
| nurts let this be a song now and this be a day and we stand   | One love - even though they'll let you down                 |
| ogether well be okay                                          | One love -nobody`s perfect now                              |
| Because were survivors (4) making it work                     | One (23)don`t let (24) hold u down                          |
| expecting                                                     | One (25) lets stick together now                            |
| he best when they hope for the worst                          | One (26)we got to stand our ground                          |
| One (5) (6) is the way we found                               | One love - its easy to believe in                           |
| One love - even though they'll let you down                   | One love - believe in u and me                              |
| One love -nobody`s perfect now                                | Onee loveeeeeeee its oneee loveeee                          |
| One (7)don`t let that hold u down                             | Im here to tell you its one love oh                         |
| One love - (8) stick together now                             | One loveeeee (27) its one loveeee                           |
| One (9)we got to stand our ground                             | Sing with meee one loveee                                   |
| One love - its (10) to believe in                             | One (28) to be oh that's all we need                        |
| One love - believe in u and me                                | One love.                                                   |
| Onee loveeeeeeee                                              |                                                             |
| Now i cud try and fix (11) all by myself but i know           |                                                             |
| (12) turn out                                                 |                                                             |
| petter if u help no one likes to hurt but but everyone gets   |                                                             |
| eak someone to rely on (13) what everybody                    |                                                             |
| needs                                                         |                                                             |
| Now (14) we stay its all that were worth i've been            |                                                             |
| hru the                                                       |                                                             |
