AutoTune by Jason Chen & Bubzbeauty

	You (4) know how to bring me
I was (1) lost stupid	(5) back
Didn't know what I was doing wrong	When my pitch is off
Just eat sleep feeling free	You make it all right when its all so wrong
Then I'd party all night long	You're my auto tune, you can be my auto tune
But I would never get too worried	
About the little things in life	Be my auto tune
I knew I won the lottery	
'Cause baby can't you see	Baby be my auto tune
Just thinking about you as I sing this song	
'Cause when you're around I can do no wrong	Just thinking about you as I sing this song
And I'm never too sharp, never flat	'Cause when you're around I can do no wrong
Girl imagine that	And I'm never too sharp, never flat
You always know how to bring me right back	Girl imagine that
When my pitch is off	You always know how to bring me right back
You make it all (2) when its all so wrong	When my pitch is off
You're my auto tune, you can be my auto tune	You make it all (6) when its all so wrong
	You're my auto (7) (you can be my auto tune)
Now I've found my way girl ever since you came along	Just thinking about you as I sing this song
As I listen to the radio, bumping to our catchy song	'Cause (8) you're around I can do no wrong
You mean more than a Grammy	And I'm never too sharp, never flat
And all the money in the world	Girl (9) that
Every time that I get off key girl	You always know how to bring me right back
Continue to save me	When my (10) is off
Just (3) about you as I sing this song	You make it all right when its all so wrong
'Cause when you're around I can do no wrong	You're my auto tune
And I'm never too sharp, never flat	You can be my auto tune
Girl imagine that
