## Shooting Star by Owl City

But all dispersed and illuminate a world

That'll try to bring you down

## Fill in the gaps

Close your (1) eyes	But not this time
Relaxing them	When the sun goes down
Count (2) 1 to 10 and open them	And the lights burn out
All (3) heavy thoughts will try to weigh you	down Then it's (5) for you to shine
But not this time	Brighter than a shooting star
Way up in the air	So shine no matter (6) you are
You're finally free	Fill the darkest night
And you can stay up there	With a brilliant light
Right next to me	'Cause it's time for you to shine
All this gravity will try to pull you down	Brighter than a shooting star
But not this time	So shine no matter where you are
When the sun goes down	Tonight
And the lights burn out	(Wooh, wooh, wooh)
Then it's time for you to shine	Brighter than a shooting star
Brighter than a shooting star	Shine no (7) where you are
So shine no matter where you are	Tonight
Fill the darkest night	A thousand heartbeats beating time
With a brilliant light	And (8) this dark planet come alive
'Cause it's time for you to shine	So when the lights flicker out tonight
Brighter (4) a shooting star	You gotta shine
So shine no matter where you are	When the sun goes down
Tonight	And the lights burn out
(Wooh, wooh, wooh)	Then it's time for you to shine
Brighter than a shooting star	Brighter than a shooting star
Shine no matter where you are	So shine no matter where you are
Tonight	Fill the darkest night
Gazing through my eyes	With a brilliant light
When the fire starts	'Cause it's time for you to shine
And fan the flame so hot	Brighter than a shooting star
It melt our hearts	So shine no matter where you are
All the pouring rain	Tonight
Will try to put it out	(Wooh, wooh, wooh)
But not this time	Brighter than a shooting star
Let your colours burn	Shine no matter (9) you are
And brightly burst	Tonight
Into a million sparks
