Fill in the gaps

one was not by the Rolling o
New York was cold and damp
TV is just a blank
Looks like another dead end Sunday
What about an early night
Monday never feels so bright
(Ooh) the sheets feel cold and lonely
There goes the telephone
Suddenly you feel at home
And there's a sweet voice on the line
Who wants to brave the pouring rain
For a (1) of French champagne?
Well grab a cab, grab a cap and baby, come right by
And she was hot
As she kissed my mouth
She was hot
As I wiped her brow
She was hot
She (2) me to the ground
She was quick
She knew her way around
She was hot
As she tore my clothes
She was hot
She had no place to go
She was hot
On a cold and rainy night
Detroit was smoky grey
Nothing like the good old days
Well I got a fever that I'm fighting

I don't need your company

Leave me in my misery
I can (3) the rebound just like lightning
And she was hot
In a 50's dress
She was hot
Her (4) were flashing red
I was lost
In her burning flesh
I was hot
I was dripping sweat
She was hot
In the Detroit snow
She was hot
She had no place to go
She was hot
On a (5) and rainy night
And she was hot
And I had the blues
She was hot
Honey, where were you?
If you were in my shoes
You would be excused
She was hot
You can never wait
She was hot
Never hesitate
She was hot

On a cold and rainy night

I think I'm going off the rails

Fill in the gaps

Fill in the gaps

trails Riding down the (6)

I was taking passion where you find it
Honey (7) you were (8) and fresh
And you need the touch of your flesh
Go take the treasure where you find it
And she was hot
In the melted snow
She was hot
In the molten glow
She was hot
She got it in the blood
She was hot
Like the dam that bursts
She was strong
She was strong and true
She was black
And her (9) were blue
She was lost
And she took a chance
At just a brief romance
Down the avenue
Into the lost bayou
Into the tall bamboo
Back to the human zoo
I wish you all the best
I hope we (10) again
On a cold Chicago night
She was hot
She was hot

She was hot hot hot

She was hot hot hot
