

Fill in the gaps

You are far	Strange (14) I was wrong enough
When I could (1) been your star	To think you'd love me too
You listened to people	You must have been kissing a fool
Who scared you to death and from my heart	I said you must have been kissing a fool
Strange that you (2) strong enough	But (15) this
To even make a start	Every other kiss
You'll never find the peace of mind	That you'll (16) give
Till you listen to your heart	Long as we both live
People	When you need the hand of another man
You can never change the way they feel	One you really can surrender with
Better let (3) do just what they will	I (17) wait for you
For they will	Like I always do
If you let them (4) your (5)	There's something there
(6) you	That can't (18) (19) any other
People	You are far
Will always make a lover feel a fool	When I (20) have (21) (22)
But you (7) I (8) you	star
We could (9) shown them all	You listened to people
We should have seen (10) through	Who scared you to death and from my heart
Fooled me (11) the tears in your eyes	Strange that I was wrong enough
Covered me (12) kisses and lies	To think you'd love me too
So bye	You must have (23) kissing a fool
But please don't (13) my heart	You must (24) been (25) a fool
You are far	You must have (26) kissing
I'm never gonna be your star	A fool
I'll pick up the pieces	
And mend my heart
