

## Fill in the gaps

I hold on so nervously	Well, I'm still imagining
To me and my drink	A dark little place
I wish it was cooling me	Or your (5) or my place
But so far has not been good	Well I'm not paralyzed but I seem to be struck by you
It's been ()	I wanna make you move
And I feel awkward as I should	Because you're standing still
This club has got to be	If your body matches what your eyes can do
The most pretentious thing	You'll probably move right through
Since I thought you and me	Me on my way to you
Well, I am imagining	Well I'm not paralyzed but I seem to be struck by you
A dark lit place	I wanna make you move
Or your place or my place	Because you're standing still
Well I'm not paralyzed but I (1) to be struck by you	If (6) body matches what your eyes can do
I wanna (2) you move	You'll (7) move right through
Because you're standing still	Me on my way to you
If your body matches what your eyes can do	Not paralyzed but I seem to be struck by you
You'll probably move right through	I wanna make you move
Me on my way to you	Because you're standing still
I hold out for one (3) drink	If your (8) matches (9) your
Before I think	(10) can do
I'm looking too desperately	You'll probably move right through
But so far has not been fun	Me on my way to you
I should just (4) home	You'll probably move right through
If one thing really means one	Me on my way to you
This club will hopefully	You'll probably move right through
Be closed in three weeks	Me on my way to you
That would be cool with me
