

Fill in the gaps

You took your coat off	You're always (5) in the morning
And stood in the rain	Smoking your cigarettes
You're always crazy like that	And talking over coffee
And I watched from my window	Your philosophies on art Baroque moved do you (6)
Always felt I was outside	Mozart
Looking in on you	And you'd speak of your loved ones
You're (1) the mysterious one with	As I (7) strummed my guitar
Dark eyes and careless hair you were	Well, excuse me
Fashionably sensitive but too cool to care	Guess I've mistaken you for somebody else
You stood in my doorway	Somebody who gave a damn
With nothing to say	Somebody more like myself
Besides some comment on the weather	These (8) games
Well, in (2) you (3) to notice	Are tearing me, you're tearing me
In case you (4) to see	You're tearing me apart
This is my heart	And your
Bleeding before you	Thoughtless words are
This is me down on my knees	Breaking my heart
And these foolish games are	You're breaking my heart
Tearing me apart	You (9) your (10) off
And your	Stood in the rain
Thoughtless words	You're always crazy like that
Are breaking my heart	
You're breaking my heart
