

Fill in the gaps

(Why)	This boat is sinking (this boat is sinking)
(Why)	Let's go down to the water's edge
How many times	And we can cast away those doubts
Do I have to try to tell you	Some things are better (5) unsaid
That I'm sorry for the (1) I've done	But they (6) turn me inside out
(Oooh)	Turning inside out
But when I start to try to tell you	Turning inside out
That's when you have to tell me	Tell me
Hey, this kind of trouble's only just begun	(Why)
I tell myself too many times	Tell me
Why don't you ever learn	(Why)
To keep your big (2) shut	This is the book I never read
That's why it hurts so bad	These are the words I never said
To hear the words	This is the path I'll never tread
That keep on falling from (3) mouth	These are the dreams I'll dream instead
Falling from your mouth	This is the joy that's seldom spread
Falling from your mouth	These are the tears, the tears we shed
Tell me	This is the fear
(Why)	This is the dread
(Why)	These are the (7) of my head
I may be mad	And these are the years that we've spent
I may be blind	And this is what they represent
I may be viciously unkind	And this is how I feel
But I can still read	Do you know how I feel
What you're thinking	'Cause I don't think you know how I feel
(Ooooh)	I don't think you know what I feel
And I've heard it said too (4) times	I don't (8) you know what I feel
That you'd be better off	You don't (9) what I feel
Besides	
Why can't you see this boat is sinking
