Words Unspoken by Leroy Sanchez

still remember (1) reflection under the low light	Every breath I take
I still hear you calling my name, calling me right now	It makes me feel so broken
You are the only one that's in my mind	There're so many words that have gone unspoken
The only one that (2) me going	And now I'm laying (6) here
Even though you aren't here next to me	Wondering why the hell you had to disappear
Even though you ain't here by my side	All my heart wide open
Every breath I take	With words unspoken
It makes me feel so broken	You left me out here all alone, here on my own
There're so many words (3) have gone unspoken	With only memories
And now I'm laying down here	The pieces of a (7) still incomplete
Wondering why the hell you had to disappear	But I'll be strong, won't look back, I'll move on
All my heart wide open	There're so many words that (8) gone unspoken
With words unspoken	Every breath I take
Even though I'm walking fast	It makes me feel so broken
I don't get any closer	There're so many words that (9) gone unspoken
No, even though I'm praying every night	And now I'm laying down here
Still have no answer no, no	Wondering why the hell you had to disappear
I'm a dreamer (4) don't wake me up	All my heart wide open
It's the only place where I still see you	With (10) unspoken
Day doesn't seem to be enough
