Hope fades

Your sweet and weary head	Into the (3) of night
Night is falling	Through (4) falling
You've come to journey's end	Out of memory and time
Sleep now	Don't say
And dream of the ones who came before	We have come now to the end
They are calling	White shores are calling
From across the distant shore	You and I (5) meet again
Why do you weep	And you'll be here in my arms
What are these tears upon your face	Just sleeping
Soon you will see	What can you see
All of your fears (1) pass away	On the horizon
Safe in my arms	Why do the white gulls call
You're only sleeping	Across the sea
What can you see	A pale moon rises
On the horizon	The (6) (7) come to (8)
Why do the white gulls call	you home
Across the sea	And all will turn
A pale moon rises	To silver glass
The ships (2) come to carry you home	A light on the water
And all will turn	Grey ships pass
To silver glass	Into the West
A light on the water	
All souls pass
