

I'll follow you down

Through the eye of the storm

## Fill in the gaps

If I could find assurance	Don't (5) Til keep you warm
To leave you behind	I'll follow you down
I know my better half would fade	While we're (6) through space
And all my doubt	I don't care if we fall from grace
Is a staircase for you	I'll follow you down to where forever lies
Opened out of this space	Without a doubt I'm on your side
The (1) step is the one you (2)	There's nowhere else that I would rather be
in	I'm not about to compromise
The second one might be profound	Give you up to say goodbye
I'll follow you down	I'll guide you through the deep
Through the eye of the storm	I'll keep you (7) to me
Don't worry I'll keep you warm	l'Il follow you down
I'll follow you down	Through the eye of the storm
While we're passing through space	Don't worry I'll keep you warm
I don't care if we fall from grace	l'Il follow you down
I'll follow you down	While we're passing (8) space
You can have the money and the world	I don't care if we (9) from grace
The angels and the pearls	I'll follow you
Even trademark the color blue	If I could find assurance
Just like the tower we never built	To leave you behind
In the (3) of all the guilt	I know my better half would fade
When the (4) hand was pointed at you	l'll (10) you down
Yeah the first step is the one you believe in	
And the second one might be profound
