

## Fill in the gaps

## Concrete Angel by Martina McBride

She walks to (1)	with the lunch she packed	She stands hard as a stone	
Nobody knows what she's holding back		In a world that she can't rise above	
Wearing the same dress she wore yesterday		But her dreams give her wings	
She hides the bruises with the linen and lace (oh)		And she flies to a place	
The teacher wonders but she doesn't ask		Where she's loved	
It's hard to see the pain behind the mask		Concrete angel	
Bearing the burden of a secret storm		A statue stands in a (6)	place
Sometimes she (2)	she was never born	An angel girl (7) an	upturned face
Through the wind and the rain		A name is written on a polished rock	
She (3) hard as	a stone	A broken heart that the world forgot	
In a world that she can't rise above		Through the wind and the rain	
But her dreams (4) he	er wings	She (8) hard as a stone	
And she flies to a place		In a world that she can't rise above	
Where she's loved		But her dreams (9) h	ner wings
Concrete angel		And she flies to a place	
Somebody cries in the middle of the night		Where she's loved	
The (5) h	near but they turn out the light	Concrete Angel	
A fragile soul caught in the hand	s of fate		
When morning comes it will be too late			
Through the wind and the rain
