All I Want by A Day To Remember

When you think of me?

Fill in the gaps

	All I want is a place to call my own
I'm always screaming my lungs out	To mend the hearts of everyone who feels alone
Til my head starts spinning	You know to keep your hopes up high
Playing my songs is the way I cope with life	And your head down low
Won't keep my voice down	All I want is a place to call my own
Know the (1) I speak	To mend the hearts of everyone who feels alone
Are the thoughts I think out loud	You know to (5) your hopes up high
I like to keep things honest	And your head down low
I'm a safe bet like your life's staked on it for real	If you take it from me
I'd hate to keep you all wondering	Live your life for yourself
I'm constant like the seasons	'Cause when it's all said and done
I will (2) be forgotten man	You don't need anyone else c'mon
Let's leave no words unspoken	So let's get back to when
And save regrets for the broken	Everything seemed perfect
Will you even look back	Not a worry in the world
When you think of me?	Tell me was this all worth it?
All I want is a place to call my own	I get what I want so everyone's always judging me
To mend the hearts of everyone who feels alone	I'm not afraid of anything
(Whoa)	And I've got the whole world in front of me
You know to keep your hopes up high	All I want is a place to call my own
And your (3) down low	To mend the hearts of everyone who feels alone
Keep (4) hopes up high and your head down low	You know to keep your hopes up high
Still got something left to prove	And your head down low
It tends to keep things movin'	All I want is a place to call my own
While everyone around me says	To mend the hearts of (6) who feels
My last days are looming overhead	alone
But just what the hell do they think they know?	You know to keep your hopes up high
I keep my head above the water	And your head down low
While they drown in the undertow	Keep your heads down low
Let's leave no words unspoken	Keep your (7) down low
And save regrets for the broken	Keep your (8) up high
Will you even look back	Keep your heads down low
