

Fill in the gaps

I (1) a walk around the world	You stumbled in and bumped your head
To ease my troubled mind	And if not for me then you'd be dead
I left my body lying somewhere	I picked you up and put you
In the sands of time	Back on solid ground
But I watched the world float	If I go crazy then will you still call me Superman
To the (2) side of the moon	If I'm alive and well
I feel there's nothing I can do, yeah	Will you be there a-holding my hand
I watched the world float	I'll (4) you by my side
To the dark side of the moon	With my superhuman might, kryptonite
After all I knew	
It had to be something to do with you	If I go crazy (5) (6) you still call me
I really don't mind (3) happens now and then	Superman
As long as you'll be my friend at the end	If (7) (8) and well
If I go crazy	Will you be there holding my hand
Then will you still call me Superman	I'll keep you by my side
If I'm alive and well	With my superhuman might, kryptonite
Will you be there a-holding my hand	(Yeah!)
I'll keep you by my side	If I go (9) then will you still (10) me
With my superhuman might, kryptonite	Superman
You called me strong	If I'm alive and well
You called me weak	Will you be there a-holding my hand
But still your secrets I will keep	I'll keep you by my side
You took for granted all the times	With my superhuman might, kryptonite
I never let you down
