

Fill in the gaps

Do you (1) a guy that's been	тт парру, поре уои ге парру, тоо
In such an early song?	One flash of light but no smoking pistol
I've heard a rumour from ground control	I've never done (4) things
Oh no, don't say it's true	I've never done bad things
They got a message from the action man	I never did anything out of the (5) (woh-o-oh)
I'm happy, hope you're happy, too	Want an axe to break the ice
I've loved all I've needed love	Wanna come (6) right now
Sordid details following	Ashes to ashes, funk to funky
The shrieking of nothing is killing just	We know Major Tom's a junkie
Pictures of Jap girls in synthesis and I	Strung out in heaven's high
Ain't got no money and I ain't got no hair	Hitting an all-time low
But I'm hoping to kick	My mother said: "to get things done
But this planet is glowing, glowing, glowing	You'd better not mess with (7) Tom"
Ashes to ash and funk to funky	My mother said: "to get things done
We know Major Tom's a junkie	You'd better not mess with (8) Tom"
Strung out in heaven's high	My mother (9) "to get things done
Hitting an all-time low	You'd better not mess with Major Tom"
Time and again, I tell myself	My mother said: "to get things done
I'll stay clean tonight	You'd better not mess with Major Tom"
But the (2) green wheels are	My mother said
(3) me	
Oh no, not again	
I'm stuck with a valuable friend
