

Fill in the gaps

Elevator buttons and morning air	But this (7) is ours	
Stranger's silence makes me wanna take the stairs	And it's not theirs to speculate if it's wrong and	
If you were here	Your hands are though	
We'd laugh about their vacant stares	But they are where mine belong in	
But right now, my time is theirs	I'll fight their doubt and give you faith	
Seems like there's always someone who disapproves	With this song for you	
They'll judge it like (1) know about me and you	'Cause I (8) the gap (9)	your
And the verdict comes from those with nothing else to do	teeth	
The jury's out, but my choice is you	And I love the riddles that you speak	
So don't you worry (2) pretty little mind	And any snide remarks from my father	
People throw rocks at things that shine	About your tattoos will be ignored	
And life (3) (4) look hard	'Cause my heart is yours	
The stakes are high, the water's rough	So don't you worry your pretty little mind	
But this love is ours	People throw rocks at things that shine	
You (5) know what people have up their sleeves	And life makes love look hard	
Ghosts from your past gonna jump out at me	Don't you worry your pretty (10) mind	
Lurking in the shadows with their lip gloss smiles	People throw rocks at things that shine	
But I don't care 'cause (6) now you're mine	But they can't take what's ours	
And you'll say don't you worry your pretty little mind	They can't take what's ours	
People throw rocks at things that shine	The stakes are high, the water's rough	
And life makes love look hard	But this love is ours	
The stakes are high, the water's rough
