Forgotten Children by Tokio Hotel

Fill in the gaps

Just a normal day			Hope forever died
Streets turn into graves			Lost and so alone
Traces (1)	(2)	removed	Born but never known
The search was disapproved			Left all on their own
So cold the night			Forgotten children
The weak ones lose the fight			We'll never hear a name
Too many of them out there			They carry all the blame
Noone seems to care			Too young to break the chains
Lost and so alone			Forgotten children
Born but never known			They see, they feel, believe
Left all on their own			Just like we do
Forgotten children			The're laughing and crying
We'll never hear a name			Wanna (8) here
They (3) all the blame			Like me and you
Too (4) to break the chains			It shouldn't (9) be that way
Forgotten children			It shouldn't really be that way
They see, they feel, believe			We see, we feel, believe
Just like we do			Just like you
They're laughing, and crying			We're laughing and crying
Wanna live here			Wanna live here
Like me and you			We see, we feel, believe
Eyes without light			Just like you
Too (5)	of good-byes		We're laughing and crying
Never (6) 6	embraced		Wanna live here
And frightened of every face			Just like you
