

Fill in the gaps

It's too late to change (1) mind	I'm drowning in the (10) that I (11)
Even though this (2) world	made
Is tearing apart at the seams	Is it so (12) for you
I can't wash these sins away	Cause it's so hard for me?
The sinking feeling everyday	To (13) that (14) we dreamed
I'm waking up in someone else's life	Could (15) come to (16) again
Is it so hard for you	Cause I cannot erase this (17) in me
Cause it's so hard for me?	The water's rising around us
To (3) that what we dreamed	There is no other way down
Could ever come to life again	I (18) have myself to (19) for it all
Cause I (4) (5) lie	Is it so hard for you
	Cause it's so hard for me?
Not gonna let (7) day go by	To believe that what we dreamed
I'm going to save this (8) (9) and	Could ever come to life again
Nothing can stand in my way	If I (20) just (21) my mind
Not enough to say goodbye	But I cannot (22) this lie
Burn it till there's nothing left
