

## Fill in the gaps

| Hey dad look at me                                        |            | Nothing lasts forever                           |
|-----------------------------------------------------------|------------|-------------------------------------------------|
| Think back and talk to me                                 |            | I'm sorry                                       |
| Did I grow up (1)                                         | _ to plan? | I can't be perfect                              |
| And do you think I'm wasting my time doing things I wanna |            | Now it's just too late and                      |
| do?                                                       |            | We can't go back                                |
| But it (2) when you disapprove all along                  |            | I'm (9)                                         |
| And now I try hard to make it                             |            | I can't be perfect                              |
| I (3) want to make you proud                              |            | Nothing's gonna change the things that you said |
| I'm (4) gonna be good enough for you                      |            | Nothing's gonna make this right again           |
| I can't (5) that                                          |            | Please don't turn your back                     |
| I'm alright                                               |            | I can't believe it's hard                       |
| And you can't (6) me                                      |            | Just to talk to you                             |
| 'Cuz we lost it all                                       |            | But you don't understand                        |
| Nothing lasts forever                                     |            | 'Cuz we lost it all                             |
| I'm sorry                                                 |            | Nothing lasts forever                           |
| I can't be perfect                                        |            | I'm sorry                                       |
| Now it's just too late and                                |            | I can't be perfect                              |
| We can't go back                                          |            | Now it's just too late and                      |
| I'm sorry                                                 |            | We can't go back                                |
| I can't be perfect                                        |            | I'm (10)                                        |
| I try not to think                                        |            | I can't be perfect                              |
| About the pain I (7) inside                               |            | 'Cuz we lost it all                             |
| Did you know you used to be my hero?                      |            | Nothing lasts forever                           |
| All the days you spent with me                            |            | I'm sorry                                       |
| Now seem so far away                                      |            | I can't be perfect                              |
| And it feels like you don't care anymore                  |            | Now it's just too late and                      |
| And now I try hard to make it                             |            | We can't go back                                |
| I just want to make you proud                             |            | I'm sorry                                       |
| I'm never gonna be good enough for you                    |            | I can't be perfect                              |
| I can't stand another fight                               |            |                                                 |
| And nothing's alright                                     |            |                                                 |
| 'Cuz we (8) it all                                        |            |                                                 |
