Fill in the gaps

Major-General's Song by Gilbert And Sullivan

	And (6) I'm more wary at
I am the very model of a modern Major-General	And when I know precisely
I've information vegetable, animal, and mineral	What is meant by "commissariat"
I know the kings of England	When I have learnt
And I quote the (1) historical	What progress has (7) made in modern gunnery
From Marathon to Waterloo, in order categorical	When I know more of tactics than a novice in a nunnery
I'm very well acquainted, too, with matters mathematical	In short, when I've a smattering of elemental strategy
I understand equations, both the simple and quadratical	(Oh, that's a hard one, strategy Got it!)
About binomial theorem I'm teeming with a lot o' news	You'll say a better Major-General has never sat a-gee
(Hmm, lot of news Got it!)	
With many cheerful facts	For my military knowledge
About the square of the hypotenuse	Though I'm plucky and adventury
	Has only been brought down
I'm very good at integral and	To the beginning of the century
(2) calculus	But still, in matters vegetable, animal, and mineral
I know the (3) names of beings	I am the very model of a modern Major-General
animalculous	
In short, in matters vegetable, animal, and mineral	(One more time?!)
I am the very model of a modern Major-General	
	In fact
I know our (4) history	When I know what is meant by "mamelon" and "ravelin"
King Arthur's and Sir Caradoc's	When I can tell at sight a Mauser rifle from a javelin
I answer hard acrostics, I've a pretty taste for paradox	When such affairs as sorties
I quote in elegiacs all the crimes of Heliogabalus	And surprises I'm more wary at
In conics I can floor peculiarities parabolous	And when I know precisely
I can tell undoubted	What is meant by "commissariat"
Raphaels from Gerard Dows and Zoffanies	When I have learnt
I know the croaking chorus	What progress has been made in modern gunnery
From The Frogs of Aristophanes	When I know more of tactics than a novice in a nunnery
Then I can hum a fugue	In short, when I've a smattering of elemental strategy
Of which I've heard the music's din afore	You'll say a better Major-General has never rode a horse!
(Ooh, din afore, din afore Got it!)	
And whistle all the airs	For my military knowledge
From that infernal nonsense Pinafore	Though I'm (8) and adventury
	Has only (9) brought down
Then I can write a washing bill in Babylonic cuneiform	To the (10) of the century
And tell you every detail of Caractacus's uniform	But still, in matters vegetable, animal, and mineral
In short, in matters vegetable, animal, and mineral	I am the very model of a modern Major-General!
I am the very model of a modern Major-General	
In fact	
When I know what is (5) by "mamelon" and	
"ravelin"	
When I can tell at sight a Mauser rifle from a javelin	
When such affairs as sorties
