When such affairs as sorties

### Fill in the gaps

## Major-General's Song by Gilbert And Sullivan

	And surprises I'm more wary at
I am the very model of a modern Major-General	And (19) I know precisely
I've information vegetable, animal, and mineral	What is meant by "commissariat"
I know the kings of England	When I have learnt
And I (1) the (2) historical	What progress has been made in modern gunnery
From Marathon to Waterloo, in order categorical	When I know (20) of tactics than a novice in a
I'm (3) well acquainted, too, with	nunnery
(4) mathematical	In short, when I've a smattering of elemental strategy
I understand equations, both the simple and quadratical	(Oh, that's a hard one, strategy Got it!)
About binomial theorem I'm (5) with a lot o'	You'll say a (21) Major-General has never sat
news	a-gee
(Hmm, lot of news Got it!)	
With (6) (7) facts	For my military knowledge
About the square of the hypotenuse	Though I'm plucky and adventury
	Has only (22) brought down
I'm (8) good at (9) and	To the beginning of the century
differential calculus	But still, in matters vegetable, animal, and mineral
I know the scientific names of beings animalculous	I am the (23) model of a modern Major-General
In short, in matters vegetable, animal, and mineral	
I am the very model of a modern Major-General	(One (24) time?!)
I (10) our (11) history	In fact
King Arthur's and Sir Caradoc's	When I know what is (25) by "mamelon" and
I answer hard acrostics, I've a pretty (12) for	"ravelin"
paradox	When I can tell at sight a (26) rifle from a
I (13) in elegiacs all the crimes of Heliogabalus	javelin
In conics I can floor peculiarities parabolous	When such affairs as sorties
I can tell undoubted	And surprises I'm more wary at
Raphaels from Gerard Dows and Zoffanies	And when I know precisely
I know the croaking chorus	What is meant by "commissariat"
From The (14) of Aristophanes	When I have learnt
Then I can hum a fugue	What progress has (27) made in modern gunnery
Of which I've heard the music's din afore	When I know more of tactics than a (28) in a
(Ooh, din afore, din afore Got it!)	nunnery
And whistle all the airs	In short, when I've a smattering of elemental strategy
From that infernal (15) Pinafore	You'll say a better Major-General has never rode a horse!
Then I can write a washing (16) in	For my military knowledge
(17) cuneiform	Though I'm plucky and adventury
And tell you every detail of Caractacus's uniform	Has only been brought down
In short, in matters vegetable, animal, and mineral	To the beginning of the century
I am the very model of a (18) Major-General	But still, in matters vegetable, animal, and mineral
	I am the very model of a modern Major-General!
In fact	·
When I know what is meant by "mamelon" and "ravelin"	<del></del>
When I can tell at sight a Mauser rifle from a javelin	
can ton at orgin a madoor fino from a javoin
