## The Hardest Button To Button by The White Stripes

We (1) living in an old house	And we don't owe you
My ma (2) birth and we (3)	But if you see us around
(4) it out	I got something else to show you

And it was 1981	But there's just something wrong when you
Ne named him "Baby"	Just feel that you're the hardest (7) button to
He had a toothache	button
He started crying	I had opinions that didn't matter
t sounded like an earthquake	I had a brain that felt like pancake batter
t didn't last long	I got a backyard with nothing in it
Because I stopped it	Except a stick, a dog and a box with something in it
grabbed a rag doll	The (8) button to button
And stuck some little pins in it	The (9) button to button
Now we're a family	The hardest button to button
And we're alright now	The hardest button to button
