

## Fill in the gaps

A lonely road, crossed another cold state line	But I left her when I found her
Miles away from those I love, purpose hard to find	And now I (7) I'd stayed
While I recall all the words you spoke to me	'Cause I'm lonely and I'm tired
Can't help but wish that I was there	I'm missing you (8) (oh no)
Back where I'd love to be (oh yeah)	Once again
Dear God, the only thing I ask of you	Some search, never finding a way
Is to (1) her when I'm not around	Before long, they waste away
When I'm much too far away	I found you, something told me to stay
We all need that person who can be true to you	I gave in, to selfish ways
But I left her when I found her	And how I miss someone to hold
And now I wish I'd stayed	When hope begins to fade
'Cause I'm lonely and I'm tired	A lonely road, crossed another cold state line
I'm (2) you again (oh no)	Miles away from those I love purpose hard to find
Once again	Dear God, the only thing I ask of you
There's nothing (3) for me, on this barren road	Is to hold her when I'm not around
There's no one here while the city sleeps	When I'm much too far away
And all the shops are closed	We all need that person who can be true to you
Can't (4) but think of the times I've had with you	But I left her when I found her
Pictures and some memories	And now I wish I'd stayed
Will have to help me through (oh yeah)	'Cause I'm lonely and I'm tired
Dear God, the only thing I ask of you	I'm (9) you again (oh no)
Is to (5) her when I'm not around	Once again
When I'm much too far away	
We all need that person who can be (6) to you
