

## Fill in the gaps

| Do what you what you want                           | Hello, nello, remember me?                 |
|---|--|
| If you have a dream for better                      | I'm everything you can't control           |
| Do what you what you want                           | Somewhere beyond the pain                  |
| Till you don't want it anymore                      | There must be a way to believe             |
| (Remember who you really are)                       | There's still time                         |
| Do what you what you want                           | Close your eyes                            |
| Your world's closing in on you now                  | Only (5) will guide you home               |
| (It isn't over)                                     | Tear down the (6) and free (7) sou         |
| Stand and face the unknown                          | Till we crash we're forever spiraling down |
| (Got to (1) who you really are)                     | Down, down, down                           |
| Every heart in my hands like a pale reflection      | Hello, hello                               |
| Hello, hello, remember me?                          | It's only me infecting everything you love |
| I'm everything you can't control                    | Somewhere beyond the pain                  |
| Somewhere beyond the pain                           | There must be a way to believe             |
| There must be a way to believe we can break through | Hello, hello, remember me?                 |
| Do what you what you want                           | I'm everything you can't control           |
| You don't have to lay your (2) down                 | Somewhere beyond the pain                  |
| (It isn't over)                                     | There must be a way to learn forgiveness   |
| Do what you what you want                           | Hello, hello, remember me?                 |
| Till you find what you're looking for               | I'm everything you can't control           |
| (Got to remember who you really are)                | Somewhere beyond the pain                  |
| But every (3) slipping by screams                   | There (8) be a way to believe              |
| That I have failed you                              | We can break through                       |
| Hello, hello, remember me?                          | (Remember who you (9) are)                 |
| I'm (4) you can't control                           | Do what you what you want                  |
| Somewhere beyond the pain there                     |  |
| Must be a way to believe                            |  |
