Fill in the gaps

Talking To The Moon (Cover) by Jason Chen

I know you're somewhere out there	Someone's talking back
Somewhere far away	They're talking back (oh)
I want you back	At night when the (7) light up my room
I want you back	I sit by myself
My (1) (2) I'm crazy	Talking to the moon
But they don't understand	Try to get to you
You're all I have	In hopes you're on the other side
You're all I have	Talking to me too
At night when the stars light up my room	Or am I a fool
I sit by myself	Who (8) alone
Talking to the moon	Talking to the moon
Try to get to you	(Ah ah ah)
In (3) you're on the other side	Do you ever (9) me calling?
Talking to me too	(Ah ah ah)
Or am I a fool	'Cause every night
Who sits alone	I'm talking to the moon
Talking to the moon?	Still trying to get to you
(Ah ah ah)	In hopes you're on the other side
I'm feeling like I'm famous	Talking to me too
The talk of the town	Or am I a fool
They say (4) (5) mad	Who (10) alone
Yeah I've gone mad	Talking to the moon
But (6) don't know what I know
