

## Fill in the gaps

I know a girl	Girls (4) (5) who turn into
She puts the color (1) of my world	mothers
She's just like a maze	So mothers be good to your daughters, too
Where all of the walls all continually change	Boys, you can break
And I've done all I can	You'll find out how much they can take
To stand on her steps with my heart in my hands	Boys will be strong and boys soldier on
Now I'm starting to see	But boys would be gone without warmth from
Maybe it's got nothing to do with me	A woman's good, good heart
Fathers be (2) to your daughters	On behalf of every man
Daughters will love like you do	Looking out for every girl
Girls become lovers who turn (3) mothers	You are the guide and the weight of her world
So mothers be good to your daughters, too	So fathers be (6) to (7) daughters
(Oh) You see that skin?	Daughters will love like you do
It's the same she's been standing in	Girls become lovers who turn into mothers
Since the day she saw him walking away	So mothers be good to your daughters, too
Now she's left cleaning up the mess he made	So (8) be good to your daughters, too
So fathers be good to your daughters	So (9) be good to your daughters, too
Daughters will love like you do
