

You were my conscious

I'll stop the whole world

So silent, now you're like water

Fill in the gaps

From turning into a monster

And eating us alive

And we started drowning	Don't you ever wonder how we've survived?
Not like we'd sink any farther	Well now that you're gone
But I let my heart go	The (3) is ours
It's somewhere down at the bottom	Well you'd better strength in solutions
But I'll get a new one	But I liked the attention
And come back for the hope (1) you've stolen	And not always knowing the answers
I'll stop the whole world	But you're (4) lose it
I'll stop the whole world	You're gonna lose it
From turning into a monster	I'll (5) the (6) world (Whole world)
And eating us alive	I'll stop the whole world
Don't you ever wonder how we've survived?	From (7) into a monster
Well now that you're gone	And eating us alive
The world is ours	Don't you ever wonder how we've survived?
	Well now that you're gone
I'm only human	The world
I've got a skeleton in me	I'll stop the whole world (Whole world)
But I'm not the villain	I'll (8) the whole world
Despite what you're always preaching	From (9) into a monster
Call me a traitor	And eating us alive
I'm just collecting your victims	Don't you ever wonder how we've survived?
And they're getting stronger	Now (10) you're gone
I hear them calling (Calling)	The world is ours
They're calling	
I'll (2) the whole world
