

I'll stop the whole world

## Fill in the gaps

You were my conscious			From (6) into a monster
So silent, now you're like water			And eating us alive
And we started drowning			Don't you (7) wonder how we've survived?
Not like we'd sink any farther			Well now that you're gone
But I let my (1) go			The world is ours
It's somewhere down at the bottom			Well you'd better strength in solutions
But I'll get a new one			But I liked the attention
And come (2) for the hope (3) you've			ve And not always knowing the answers
stolen			But you're gonna lose it
I'll stop the whole world			You're (8) lose it
I'll stop the whole world			I'll stop the whole world (Whole world)
From turning into a monster			I'll stop the whole world
And eating us alive			From turning (9) a monster
Don't you ever wonder how we've survived?			And eating us alive
Well now that you're gone			Don't you ever wonder how we've survived?
The world is ours			Well now that you're gone
			The world
I'm only human			I'll stop the whole (10) (Whole world)
I've got a skeleton in me			I'll stop the whole world
But I'm not the villain			From turning into a monster
Despite what you're always preaching			And eating us alive
Call me a traitor			Don't you ever wonder how we've survived?
I'm just collecting your victims			Now that you're gone
And they're getting stronger			The world is ours
I hear (4)	(5)	(Calling)	
They're calling
