

## Fill in the gaps

## Butterfly Fly Away by Miley Cyrus & Billy Ray Cyrus

| You tucked me in, turned out the light  |                           | Butterfly fly away                             |
|---|---------------------------|--|
| Kept me (1)                             | and sound at night        | Butterfly fly away, butterfly fly away         |
| Little (2)                              | (3) on things like that   | We've been waiting for this day                |
| You brushed my teeth and combed my hair |                           | Take those dreams and make (18) all            |
| Had to drive me everywhere              |                           | (19) true                                      |
| You were (4)                            | there (5) I               | Butterfly fly away, (20) fly away              |
| (6) back                                |                           | We've (21) waiting for this day                |
| You had to do it all alone              |                           | All along and (22) just what to do             |
| Make a living, (7) a home               |                           | Butterfly, butterfly, butterfly fly away       |
| Must (8) as (10) as it                  |                           | Butterfly fly away                             |
| could be                                |                           | Butterfly fly away                             |
| And when I couldn't sleep at night      |                           | (Oh)   |
| Scared things wouldn't (11) out right   |                           | Oh, I (23) you find your way                   |
| You would (12)                          | my (13) and               | And all the things you wish, you (24) and care |
| (14) to me                              |                           | about  |
| Caterpillar in the tree                 |                           | Oh, I (25) you (26) (27) way                   |
| How you (15) who you'll be              |                           |  |
| Can't go far but you can always dream   |                           | Butterfly Fly Away                             |
| Wish you may and wis                    | h you might               |  |
| Don't you worry, (16) on tight          |                           |  |
| I (17)                                  | vou there will come a day |  |
